

SAAM DAY • 28 OCTOBER 2026 • FRIBOURG

Automated Logistics.

A full day on business models, operations and deployments in autonomous logistics. Hosted by LOXO at Bluefactory, Fribourg.

DATE	TIME	VENUE	HOST
Wed 28 Oct 2026 Welcome coffee from 9:00	9:30 – 15:30 Apéro from 15:30	Bluefactory Fribourg, Switzerland	LOXO SAAM member

Where the market stands

Maturity, deployments and lessons learnt in China, the US and Europe, and where Switzerland stands today.

From vehicle to operation

Remote supervision, fleet operations, infrastructure, safety and regulation: what L4 logistics actually requires.

Deployment Labs

Four breakouts on yards, long haul, urban logistics and last mile. One question: what could Switzerland scale first?

VEHICLE SHOWCASES & RIDES

HOST LOXO

Autonomous middle- and last-mile delivery for European cities, deployed in Switzerland and Germany: a 65 km middle-mile route with Planzer in Bern and last-mile delivery with REWE in Bochum, both with the LOXO Buzz.

SAAM MEMBER Zelostech

The Z5 RoboVan is a fully electric autonomous delivery vehicle for urban logistics: 1,800 kg payload, 6.2 m³ of cargo space and up to 230 km of range. Cold-chain and parcel-locker variants are also available.

SHOWCASE Neolix

Neolix reports 21,000 autonomous delivery vehicles in service across more than 300 cities and 15 countries, and 170 million autonomous kilometres. Its RoboVan range holds TÜV Rheinland certification and European E-MARK compliance.

REGISTRATION

Places are limited. Register online

Scan the QR code to open the registration form. Open to SAAM members and to companies, operators and authorities working on automated logistics.
